

Environment and Sustainability Policy

United Motors and Heavy Equipment Co. L.L.C, is a recognized supplier of heavy plant, machinery, and specific vehicles to key clients, this includes a range of aftersales support services. Considering this scope, we recognize the potential impacts of our processes on the environment and are committed to leading the industry in minimizing them.

We believe in effective work structuring to simplify processes and increase the organization's efficiency in routine activities. Through strategic planning and design, Darwish Bin Ahmed and Son's aims to maximize output whilst minimizing resource consumption.

In efforts to achieve our environmental sustainability objectives the company's strategy has been to focus primarily on the following principles:

- Efficient resource utilization through appropriate planning and streamlining of processes within the various sections.
- Minimizing significant emissions by evaluating operations through effective operational control.
- Application of a lifecycle approach to key products as well as ongoing impact evaluation and control of environmentally significant processes.
- Active promotion of waste reduction and waste recycling habits within departments and among suppliers and consumers.
- Promoting energy efficiency through better management of energy sources.

We acknowledge the importance of environmental awareness and share the same concern with our interested parties. We encourage the implementation of suitable strategies with state-of-the-art product design and extensive customer support.

We support government led sustainability programmes relevant to our scope and have delegated designated management with the responsibility of ensuring the implementation of such programmes.

The Managing Director has overall responsibility for this policy and is committed to the full support of the sustainability programme and policy provisions. This policy statement will be communicated to all interested parties and will be reviewed yearly and is freely available to public via company website www.dbasons.com.
